## Getting Started

### First Timers

If this is your first-time using Zoom, it will prompt you to download a small application file. The following links are a short and sweet introduction to how it works, if helpful:

- How to join a meeting (with a video tutorial): <https://support.zoom.us/hc/en-us/articles/201362193-Joining-a-Meeting>
- Your attendee controls: <https://support.zoom.us/hc/en-us/articles/200941109-Attendee-Controls-in-a-Meeting>

We encourage you to explore Zoom functions (e.g. hand raise, chat box, yes / no, applause / thumbs up, etc.) prior to the meeting - you can even join a test meeting here: <https://zoom.us/test>. We will also practice them together online during the first few minutes of our meeting.

### Second+ Timers

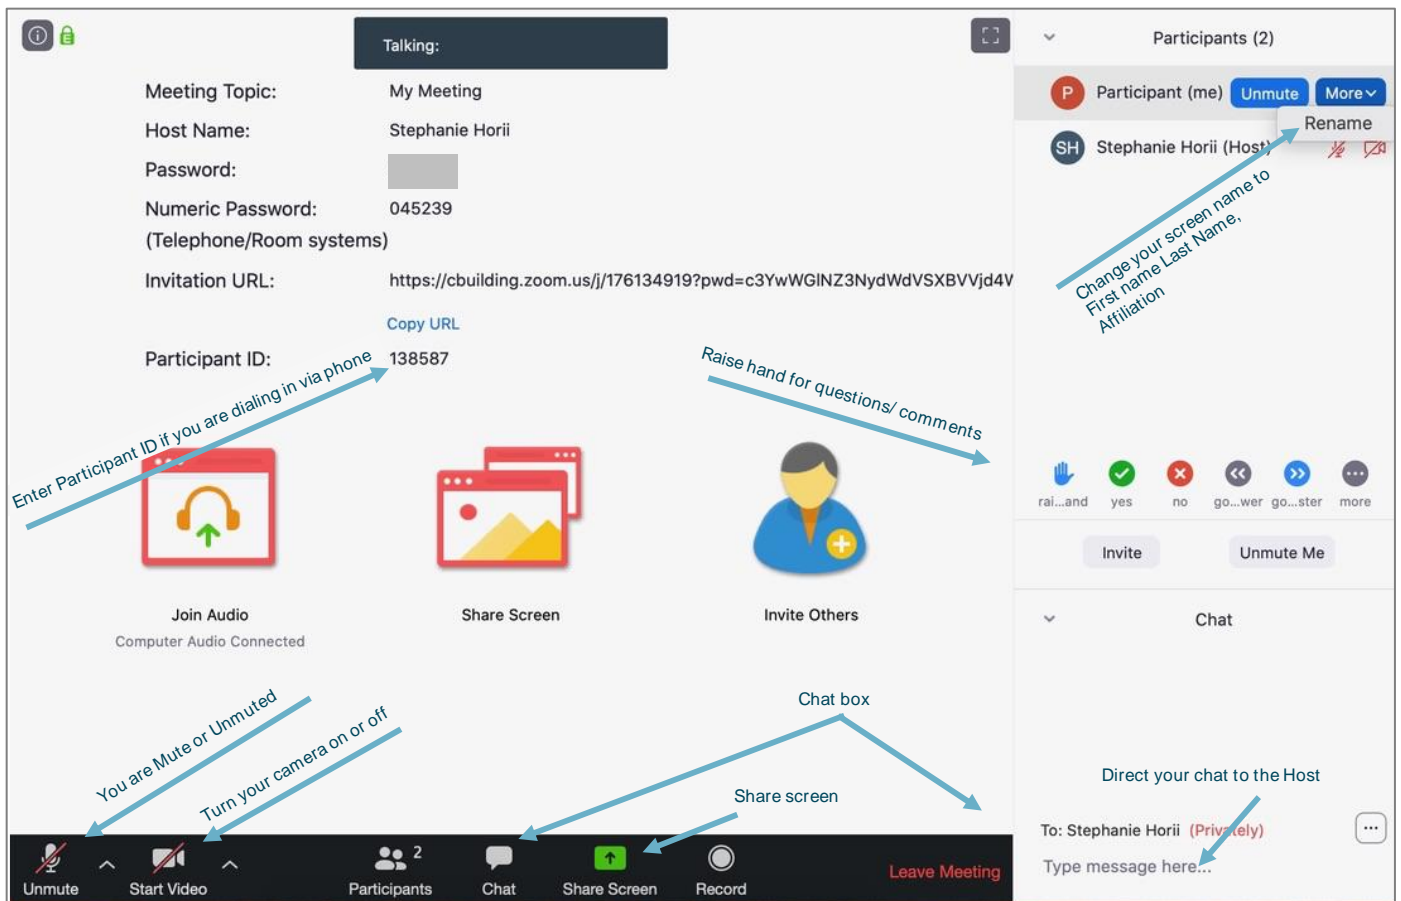

If you've used the Zoom app before, double check you have the most updated version. This is crucial for security and smoother app operation.

## Tips & Tricks

- ✓ **Log in early.** As mentioned above, we recommend you log in **at least 15 minutes** in advance to address technical issues before the meeting begins.
- ✓ **Rename yourself after logging into Zoom.** We do not plan to go around the virtual table introducing everyone. Instead, we ask you that you please rename yourself by hovering over your name in the "Participants" tab. Please change your name to be First name Last Name, Affiliation; so we can identify and engage each other better. Ex. "Kamie Loeser, DID, Mgmt. Committee"
- ✓ **You will automatically be muted during the meeting** (*the Board and staff will have the ability to mute and unmute themselves during the meeting, the public/stakeholders will engage with the Board by using the "Reactions" functions and "Participants" cues*). **Please mute yourself when you are not speaking.** This helps cut down on background noise like sirens, landlines, etc.
- ✓ **Please check that your video camera is on.** We encourage that you also join us via video. Seeing each other's faces makes for a more engaging experience.
- ✓ **Raise Hand when you want to speak.** In the "Participants" Section  use the Raise Hand or in the "Reactions" Section us the  Clapping Hands tool to notify the Host(s) when you wish to speak.
- ✓ **Comments via Chat box.** Use the Chat box when you have a question or a comment you wish to share with the Host(s).
- ✓ **Bring a learning mindset** as we try out new technology to maximize engagement in this online setting! Thank you!

## Security

### Is Zoom Safe?

We know everyone is trying to figure out the best, most secure platform for public (and other) meetings and how to use it safely and securely. We still believe Zoom to be the best in this department though we are actively investigating the various options. Here are links to 2 recent articles we have found useful (and accurate) regarding Zoom security:

- [How to Prevent Zoom Bombing](#)
- [Zoom Isn't Malware](#)

### Online Public Meeting Precautions

We are committed to protecting Vina GSA meetings; therefore, we are currently taking the following precautions for online meetings:

- When you login to this meeting, you are placed in a waiting room to be admitted to the meeting by the hosts(s).
- Participants will be **automatically muted** when entering the meeting. The Board of Directors, Legal Counsel, and Management Committee will be able to mute and unmute themselves. If there is a hacker, the facilitator will Mute All and control who will be unmuted (until the hacker is removed).
- **Only Host(s) can share** their screen.
- **Chat Comments go to Host(s).** Comments entered via the Chat box will go to only the Host(s). Also, there's no file-sharing/GIFs through the Chat box.
- Host can **remove hackers.** Individuals who have been removed cannot rejoin the meeting.

We will revisit/revise these security precautions as needed to ensure security balanced with accessibility.

# Troubleshooting Common Tech Issues

The following lists common technical issues and provides links to [Zoom's Help Center](#) and other resources:

- **Can't join or run the Zoom app.** – Try **Join from your browser** ([more info](#))

Please click **Open zoom.us** if you see the system dialog.

If nothing prompts from browser, [click here](#) to launch the meeting, or [download & run Zoom](#).

If you cannot download or run the application, [join from your browser](#).

- **Audio connectivity is poor**

If you know you have less than optimal internet connection, we urge you to join through both a phone (for audio) and your computer (for video). You may do so by joining the online meeting via the Zoom link and opting to join via phone audio. When you are dialing in, please be sure to enter your participant ID. Here is a step-by-step guide to help: <https://support.zoom.us/hc/en-us/articles/201362663-Joining-a-meeting-by-phone>

- **Online connectivity is poor**

Your computer's bandwidth may be at its limit. If you're using your computer's audio, try switching to calling in by phone instead. If that doesn't work, try turning off your video.

- **Audio isn't working** ([Zoom Helper](#))
- **Video/Camera isn't working** ([Zoom Helper](#))
- **Zoom client isn't working on a Mac** ([Zoom Helper](#))
- **Calling with my phone, but Meeting ID isn't working.**

If you know you entered the correct ID, there may be a glitch. Try using a different phone number:

- +1 346 248 7799 US (Houston)
- +1 312 626 6799 US (Chicago)
- +1 646 876 9923 US (New York)
- +1 301 715 8592 US
